25% for the first double, 10% for each subsequent, under the following conditions:

WEEKLY VARIETY AND SPECIAL PROGRAMS

Doubles are calculated from a fixed formula, regardless of actual rehearsal time.

Show Length	Fixed Formula	First Double	Each Subsequent Double
30 minutes	Air Rate + 4 hours rehearsal	\$105.73	\$42.29
60 minutes	Air Rate + 8 hours rehearsal	\$191.19	\$76.48

For each 15 minutes beyond 2 hours, doubles are calculated at the air rate plus 2 extra hours of rehearsal (for example, doubles for 150 minutes would be calculated from the air rate + 20 hours of rehearsal.)

STRIP VARIETY PROGRAMS

For each 15 minutes beyond 90 minutes, doubles are calculated from the air rate plus actual rehearsal used but in no event greater than two hours for each 15 minutes (for example, no more than 16 hours for a 120 minute show.)

The doubling fee shall be paid for each additional instrument requiring a double fee that the musician is being directed to bring to the engagement, whether or not used.

If, in addition to the normal sound of an instrument, an electronic device (i.e. multiplex, divider, maestro, or multiplier of octaves) is used to simulate other instrumental sounds, such use shall be construed as a double.

The following are NOT construed as doubles:
