KALEIDOSCOPE SOUND IS RE-OPENING FOR MUSIC!

"With all the the great studios NYC has lost, I am pleased these guys are still here making records the right way with the right tools."

-Ricky Begin - tech, including Sear Sound, Avatar

"It simply doesn't get better than Kaleidoscope Sound.
An absolutely fantastic recording experience!"

-Dan Goggin, Creator of the NUNSENSE Musicals

"My recent sessions at Kaleidoscope have been a great experience. The Steinway is a world-class instrument with clarity, depth and a great feel. combined with their vintage mics and preamps, the sound is extraordinary." -Phil Markowitz - Jazz Pianist extraordinaire, faculty MSM

Kaleidoscope Sound opened its doors over 20 years ago to serve the greater New York music community. We have worked hard and are proud to have become a premier music recording studio, supporting the art and sound of New York's finest musicians. Who knew we would be celebrating 20 years of great music by re-opening? Yes, this is what we are doing!

After careful research, implementing strict cleaning and UV equipment sterilization protocol, following recommendations from both the Audio Engineering Society and Local 802, we are pleased to announce August 15, 2020, as our official "Re-Opening." Covid-19 has impacted us all personally, professionally, and for some, so much more. We are happy to be able to get back to what we love and do, and in a responsible way.

We look forward to helping you with your music or video project. Please let us know if you are an 802 musician, and you will receive a 20% discount during these "Covid Times."

Let's be smart, be careful, and make something great together!

Please see our website at kaleidoscopesound.com for further information.
Please call Randy at (201) 223-2868 for scheduling and information.
We look forward to the opportunity to work with you on your music.

PETER ROSENSTEIN, D.M.D., P.C.

Twenty years ago, Dr. Peter Rosenstein, 64, a New York City Dentist, began taking trumpet lessons. He also attended music school in Cuba. He now plays in various Latin and Jazz ensembles and also on Sundays for St. Cecilia at a Spanish Mass. In the meantime he has created a small music museum in his dental operatory featuring, among other things, autographed trumpets by Herb Alpert and Wynton Marsalis. Being a trumpet player, has also given Dr. Rosenstein insight into the special dental concerns of other brass and woodwind players. Even the slightest change in the dentition can affect the embouchure and therefore the ability to play and the sound produced. As a result, he has treated numerous musicians over the years.

We provide almost all dental services, including implants and periodontal therapy
