The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, https://eoc.empireblue.com/eocdps/aso. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network: $750 Individual / $1,500 Family Out-of-Network: $5,000 Individual / $12,500 Family; Deductible accumulates on a calendar year basis.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive Care, optical and prescription drugs are covered before you meet your overall deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. $50 Individual / $100 Family for prescription drugs. Deductible accumulates on a calendar year basis. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	In-Network Medical and Hospital providers: $5,350/person or $10,700/family; out-of-pocket limit accumulates on a calendar year basis. Out-of-Network Medical and Hospital providers: None In-Network Prescription Drugs: $1,300 Individual / $2,600 Family; out-of-pocket limit accumulates on a calendar year basis. For Out-of-Network Prescription Drugs: Not Applicable.	In-Network: The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Out-of-Network: This plan does not have an out-of-pocket limit on your Out-of-Network expenses.
What is not included in the out-of-pocket limit?	Medical and Hospital: Premiums, balance-billing charges, outpatient prescription drugs, vision, and health care this plan doesn't cover. Prescription Drugs: Premiums, balance-billing charges, medical and hospital expenses, vision care expenses, your cost sharing and costs paid by drug	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

	manufacturers for certain non-essential specialty drugs, drugs and health care this plan doesn't cover.	
Will you pay less if you use a network provider?	Yes, PPO. See http://www.empireblue.com or call (800) 553-9603 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. When required by law, a course of treatment by a terminating provider or facility may continue to be covered at the In-Network rate for up to 90 days if certain requirements are met. For more information about continuity of care, see the Summary Plan Description (SPD) and Summaries of Material Modifications (SMM) at www.local802afm.org/healthcare/.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
