

# Need retail options?

What we love most about our retailer providers, is that most offer evening and weekend hours for extended service for members. People are busy – we get it! That’s why we provide vision benefits that are easy to use, flexible and convenient. Not only do we have a broad network of independent providers, we also offer 5 of the top 10 most admired national retail chains as in-network options, including:

Retail providers are conveniently located in or nearby major shopping centers and offer longer hours on nights and weekends. Many even have on-site labs so members can get their glasses in about an hour or during the same day. But there are a couple more things you should know about retailers. Unlike competitors, EyeMed defines retail providers as practices with 20 or more locations. And with EyeMed, what you see is what you get! All participating retail providers are considered in-network.

Members may locate a provider using the provider locator function on our website at [eyemed.com](http://eyemed.com) or by calling 1-866-9EYEMED.
